PROFILE

I am a Web Developer with experience in developing and implementing dynamic, interactive websites. My primary focus and expertise lie in Frontend Development.

WORKING EXPERIENCES

Yoon Han Thar Co.,Ltd.

6 months

Junior Web Developer

- Developed a responsive website using Next.js and Tailwind CSS, ensuring optimal user experience across devices and screen sizes.
- Implemented modern design principles and UI components to create visually appealing and intuitive interfaces that enhance user engagement and interaction.
- Worked closely with senior developers on a challenging project, contributing to the implementation of complex frontend functionalities.
- Learned best practices in code structuring, version control, and project management.

Yin Yin Floral & Cafe

4 months

Graphic Designer

- Crafted visually appealing product menu designs for cafe and other businesses, ensuring clarity in showcasing offerings and facilitating customer decision-making.
- Designed eye-catching social media graphics and content for various platforms.

ICELAND Super Market

2 years

Sale & Cashier

PROJECT EXPERIENCES

RepoHub

- Developed a Digital Agency website using Html, CSS and Javascript.
- Employed CSS media queries to ensure seamless responsiveness across various devices.
- Implemented JavaScript for smooth scrolling functionality, enhancing user experience and engagement.
